Dear Hiring Team,

I hope you are doing well.

My name is Utsav Sunil Thakur, and I am currently pursuing my studies at Parul University. I am writing to apply for the internship roles of Web Developer and AI Solution Designer at DestinofyAI.

I have hands-on experience in both development and AI-based applications. I have built and worked on multiple projects which includes:

- **Codexia** – An AI-powered development-focused web application
GitHub: <https://github.com/utsavthakur/devide>
- **Plant Disease Detection System (PDDS)** – A cross-platform CNN-based image classification application
GitHub: <https://github.com/utsavthakur/pdds>
- **Aura** – A secure cross-platform social media application built using Flutter
GitHub: <https://github.com/utsavthakur/app>

Through all of my projects, I have developed strong skills in building responsive web applications as well as implementing AI models in practical use cases.

Additionally, I have completed an internship as a Full Stack Intern at Sentiment AI, where I gained experience in real-world development, problem-solving, and collaborative workflows.

I am highly interested in combining web technologies with AI to build innovative and scalable solutions. I am eager to learn, contribute, and grow in a dynamic environment like DestinofyAI.

I have attached my resume for your consideration. I would appreciate the opportunity to be a part of your team.

Thank you for your time and consideration.

Sincerely,
Utsav Sunil Thakur
