Internship Letter

Date: 26th Dec -2025

Dear Utsav Thakur,

We are delighted to extend an offer to you for the position of **Fullstack Development** Intern at **Sentiment AI**. We are confident that your skills and passion for web development will make a valuable contribution to our team. Below, we have outlined the details of your role and responsibilities:

Position: Fullstack Development Intern

Duration: 01/01/2026 to 01/03/2026

Location: Remote Work

Role and Responsibilities:

User Interface Design: Translate design mockups and wireframes into high-quality, visually appealing user interfaces that enhance user experience.

Front-End Frameworks: Utilize front-end frameworks such as React.js, Vue.js, or AngularJS to build dynamic and interactive web applications.

Cross-Browser Compatibility: Ensure compatibility of web applications across different browsers and devices, and address any issues related to responsiveness and performance.

Code Optimization: Write clean, efficient, and well-documented code, and implement best practices for front-end development to optimize performance and maintainability.

Version Control: Use version control systems such as Git to manage codebase, track changes, and collaborate effectively with team members.

Testing and Debugging: Conduct thorough testing of front-end components and features, and troubleshoot any issues or bugs to ensure seamless functionality.

Learning and Development: Take advantage of learning resources and opportunities within the company to enhance your skills in front-end development and related technologies.

Compensation and Benefits: This internship will offer a **stipend of ₹4100**, which will be credited on the 10th of each month. Please note that the stipend for the current month will be disbursed in the following month.

We are excited about the opportunity to work with you and help you grow. If you have any questions or need further clarification, feel free to contact Dhrumil Patel at **business@sentiimenta-ai.com** or **+917802032338.**
